Center** (Event will take place at  
Wildwood Park in Appling, GA)

A Community of **Pride** • A County of **Vision** • Endless **Opportunities**  
PROFESSIONALISM • RESPECT • INTEGRITY • DEDICATION • EXCELLENCE

## What is Eco-Meet?

The Eco-Meet was developed by ESEC to promote awareness and enthusiasm for excellence in environmental education and stewardship.

Modeled after the High School Envirothon, the Eco-Meet brings together teams of Middle School students to participate in a day-long environmental education challenge. Teams compete at hands-on environmental testing stations which have been designed by ESEC member organizations. Teams and coaches are treated to lunch and an exciting educational program.

## Who can take the Challenge?

The Challenge is open to Middle Schools and Homeschools in the Central Savannah River Area. Students in grades 6 through 8 are eligible to participate. Schools may enter 2 teams of up to 4 students each.

Registration begins January 5, 2018. The cost is \$40 per team. The deadline for registrations is April 2, 2018.

**Study packets for the Eco-Meet and event information is available online at [www.csraesec.org](http://www.csraesec.org)**

For more information, contact Trish Hobbs at Reed Creek Nature Park:

Columbia County: Reed  
Creek Nature Center and  
Interpretive Center

**CSRA-Environmental Science Education Cooperative (ESEC)** is composed of federal, state, and local governmental agencies, private businesses, and non-profits who are committed to environmental education. These member organizations volunteer their time and resources for outreach programs, teacher education efforts, and on-site education programs to further the mission of ESEC.

**The mission of ESEC** is to promote the CSRA as a center for excellence in environmental science education and to provide information and access to programs for the community to become more effective environmental stewards through science education, research, technology, and public outreach.
